EDUCATION

Sukkur IBA University

Bachelor Software Engineering

Sukkur, SINDH

Aug. 2021 – May 2025

IBA Public College

Pre-Engineering

Larkana, SINDH

Aug. 2018 – May 2020

EXPERIENCE

Front-end Web Developer

June 2023 – Present

FARHANG

- Leveraged modern frameworks like React.js to build dynamic and interactive web application for a start-up.
- Collaborated effectively with designers and stakeholders to deliver high-quality website

PROJECTS

FARHANG | *Html, Css, Javascript, React.js*

June 2023

- * Developed a front-end web application with React as the frontend
- * Designed user-friendly and secure website with intuitive user experience.

Semester Project | *Html,Css, Javascript, React.js*

May 2023

- * Our semester project revolves around a weather forecasting web application using React JS. Through intuitive user interfaces, interactive maps, and real-time data integration, our app aims to provide accurate and visually engaging weather forecasts for users worldwide. With customizable location-based alerts and detailed meteorological insights, we strive to deliver a comprehensive and user-friendly weather forecasting experience.”
